

## **CountyClean staff raise hundreds of pounds for cancer charity**

A team of staff, friends and family from Eastbourne-based CountyClean Environmental Services braved the rain last Sunday to participate in Eastbourne's Race for Life.

The 5km race was held on Sunday 5th of June on behalf of Cancer Research UK.

The team of ladies from CountyClean included the female staff, several of their daughters, relatives and friends. The all-female team set off at 2pm and completed the course in their best-ever team time of 43 minutes.

Company Secretary Debbie Walker, who organised the team, said: "I am really pleased that so many ladies agreed to participate for 'Team CountyClean'. It's a charity close to all our hearts as everyone knows someone affected by cancer. It's wonderful that we can show our support as a company for such a worthy cause."

The team members, who are hoping to raise more than £400, are still collecting donations and anyone wanting to donate can e-mail [sandy@countycleanenvironmental.co.uk](mailto:sandy@countycleanenvironmental.co.uk)

CountyClean Environmental Services specialise in helping customers ranging from domestic premises to blue-chip companies with their waste management needs. The company, which has invested in the latest equipment and response vehicles, employs a team of highly trained staff who are committed to safeguarding the environment.

CountyClean Environmental Services also provides assistance with disasters such as oil, diesel or chemical spills and emergency flood response on a 24/7 basis. Non-emergency services include interceptor and gully cleaning, fly-tipped waste removal, graffiti clean-up and sewage removal from ships to portable toilets at festivals.
